Niha Siddiqui

FULL-STACK DEVELOPER

Professional Summary :

I am Niha Siddiqui, a dedicated Full Stack Web Developer and UI/UX Designer with one year of freelancing experience. I specialize in both front-end and back-end development, combining strong technical skills with modern, user-centered design principles. I have a solid ability to understand digital trends, build responsive and high-performance web applications, and deliver clean, efficient, and maintainable code. With strong problem-solving skills and a collaborative mindset, I consistently contribute to effective team operations and high-quality project outcomes.
